

What are District Directors?

District Directors for the State are elected every two years to serve as stewards to represent APWU members that are not represented by a Local union (Members at Large).

We currently (2022) have six District Directors and one Maintenance Craft Director.

The Districts are as follows based on the first three numbers of the ZIP code (Sectional Center Facility) for the facility:

District 1 - 386, 388

District 2 - 387, 389

District 3 - 390, 391, 392

District 4 - 394 West, 396

District 5 - 393, 397

District 6 - 394 East, S Hattiesburg, 395

The Maintenance Craft Director is the representative for all maintenance craft employees in Mississippi who are not represented by a Local union.

If you have a need for a steward, you can go to MSAPWU.ORG to find contact information.
